

# TABLE OF CONTENTS

Officers, 1985 .....	i
Past Presidents, Distinguished Life Members and Future Convention Dates and Cities .....	ii
Policy Statement regarding change in format of the Proceedings Book .....	iii
Foreword .....	v

## PART I

<b>In-Depth Seminar—Diagnosis, Treatment and Prognosis of Cervical Vertebral Malformation and Instability in Horses—Coordinator: Stephen M. Reed</b>	
The Approach to Spinal Cord Disease in Horses Stephen M. Reed and William R. Fenner .....	19
Differential Diagnosis of Neurologic Disease in the Horse Jill Beech .....	27
Medical Management and Treatment of the Horse with Disease of the Central Nervous System Jill Beech .....	33
Pathogenesis of Cervical Vertebral Malformation Stephen M. Reed, Jarrett Newbrey, Keith Norton and Warwick M. Bayly .....	37
A Study of the Heritability of Cervical Vertebral Malformation in Horses Pamela C. Wagner, Barrie D. Grant, Barbara J. Watrous, Loren H. Appell and Linda L. Blythe .....	43
Treatment of Cervical Vertebral Instability by Interbody Fusion in the Horse Pamela C. Wagner, Barrie D. Grant and Richard M. DeBowes ....	51
Surgical Therapy for Spinal Cord Disease in the Horse Alan J. Nixon and Ted S. Stashak .....	61
Ventral Stabilization for Decompression of Caudal Cervical Spinal Cord Compression in the Horse Barrie D. Grant, James J. Hoskinson, David D. Barbee, Patrick R. Gavin, Ronald D. Sande and Warwick M. Bayly .....	75

Long Term Results of Surgery for Equine Cervical Vertebral Malformation	
Barrie D. Grant, David D. Barbee, Pamela C. Wagner, Warwick M. Bayly, Stephen M. Reed, Anthony Gallina, Ronald D. Sande and Patrick R. Gavin	91
Discussion of the Papers Given in the Seminar	
Jill Beech	97
<b>Panel—Equine Behavior and Training—Robert M. Miller, Presiding Officer</b>	
Introduction to Dressage	
Larry V. Baudin	107
Communication with Horses	
Pat Parelli	(See Part II)
Behavioral Problems in Horses	
Katherine A. Houpt	113
<b>Panel—Pediatrics—Susan L. White, Presiding Officer</b>	
The Diagnosis and Treatment of Equine Neonatal Septicemia	
Barbara D. Brewer and Anne M. Koterba	127
Erythromycin and Rifampin in Combination for Treatment of <i>Corynebacterium Equi</i> Lung Abscesses in Foals	
Christopher J. Hillidge	137
Behavioral Alterations and Neonatal Maladjustment Syndrome in the Foal	
Stéphane F. Clément	145
Serum Pepsinogen Levels in Foals with Gastric or Duodenal Ulcers	
Julia H. Wilson and Molly M. Pearson	149
Use of a Modified Hydrometer to Assess Immunoglobulin Content in Mare Colostrum	
Michelle M. LeBlanc	157
<b>Panel—Applied Research—N. Edward Robinson, Presiding Officer</b>	
Infertility Diagnosis in Mares Using Endometrial Biopsy, Culture and Aspirate Cytology	
S. H. Slusher, Kathy P. Freeman and Jeffie F. Roszel	165

Equine Pulmonary Cytology Jeffie F. Roszel, Kathy P. Freeman and Steven H. Slusher .....	171
The Use of Electrogoniometry and Cinematography in the Diagnosis and Evaluation of Forelimb Lamenesses Marc H. Ratzlaff and Barrie D. Grant .....	183
The Effects of Training on Regulation of Blood Temperature during Exercise in the Equine Species W. L. Sexton, H. H. Erickson, R. M. DeBowes and D. H. Sigler .....	199
An Introduction to the Kaegi Equine Gait Analysis System in the Horse J. A. Auer and K. D. Butler .....	209
Photon Absorptiometry in the Assessment of Bone Quality: A Pilot Study L. B. Jeffcott .....	227
Cerebellar Disease in Arabian Horses Margaret Turner Beatty, H. W. Leipold, W. Cash and R. DeBowes .....	241
<i>In Vitro</i> Effects of Various Antibiotics on Phagocytosis by Equine Neutrophils: Applications to Intrauterine Therapy in Mares Peggy Fuller and A. C. Asbury .....	257
 <b>In-Depth Seminar—Back Problems in Horses—Coordinator:</b> Leo B. Jeffcott	
The Examination of a Horse with a Potential Back Problem L. B. Jeffcott .....	271
Conditions Causing Thoracolumbar Pain and Dysfunction in Horses L. B. Jeffcott .....	285
The Pathology of the Human Lumbar Spine W. H. Kirkaldy-Willis .....	297
The Relationship between Biomechanics of the Thoracolumbar Spine and Back Problems in the Horse Hugh G. G. Townsend .....	307
Sacroiliac Joint Strain as a Cause of Leg and Back Pain in Man—Implications for the Horse J. D. Cassidy and H. G. G. Townsend .....	317

The Sacroiliac Joint of the Horse and Chronic Changes Associated with Poor Competitive Performance L. B. Jeffcott and G. Dalin .....	335
Notes on Treatment and Management of Thoracolumbar Pain in the Horse Daniel Marks .....	353
 <b>General Session—Larry R. Bramlage, Presiding Officer</b>	
Equine Monensin Toxicosis James F. Amend, Rebecca L. Nicholson, Robin S. King, Francine M. Mallon and Leon Freeland .....	361
Salinomycin Poisoning in Horses: Case Report S. R. van Amstel and A. J. Guthrie .....	373
An Episodic Weakness in Four Horses Associated with Intermittent Serum Hyperkalemia and the Similarity of the Disease to Hyperkalemic Periodic Paralysis in Man Judy H. Cox .....	383
Rib Resection and Thoracotomy as a Treatment for Chronic Pleuritis D. C. Shearer, D. E. Slone, H. D. Moll and G. K. Carter .....	393
CO <sub>2</sub> Laser and Microsurgery in the Horse Tom C. Montgomery .....	399
Continuous Caudal Epidural Anesthesia in the Horse: An Update Eleanor M. Green and Robert L. Cooper .....	409
Equine Suprascapular Neuropathy (Sweeney): Clinical and Pathologic Observations I. D. Duncan and R. K. Schneider .....	415
Amputation of the Equine Limb: a Report of Three Cases Melinda K. Krpan, Barrie D. Grant, Gregory R. Crawley, Marc H. Ratzlaff, David T. Eckstein and Gary K. Held .....	429
Correlation of Dietary Mineral to Incidence and Severity of Metabolic Bone Disease in Ohio and Kentucky Debra A. Knight, A. A. Gabel, S. M. Reed, R. M. Embertson, W. J. Tyznik and L. R. Bramlage .....	445

**General Session—Nathaniel A. White II, Presiding Officer**

The Prevention of Lameness by Physiologically-sound Horseshoeing K. D. Butler, Jr. ....	465
The Diagnosis of Navicular Disease (Navicular Syndrome) G. Marvin Beeman .....	477
Partial Large Colon Resection in the Mare Douglas J. Herthel, Charles L. Boles, Mark C. Rick, John C. Bigley, Robert Hunt and Brad Perdue .....	487
Colonic Displacement and Volvulus—Diagnosis and Surgical Findings Richard P. Hackett .....	493
Experimental Large Intestinal Resection in the Horse: Technique and Nutritional Performance Kenneth E. Sullins, Ted S. Stashak and Sarah L. Ralston .....	497
Surgical and Nutritional Implications of Extensive Colonic Resection in Ponies and Horses N. G. Ducharme, F. D. Horney, Mimi Arighi, J. D. Baird, J. H. Burton and M. A. Livesey .....	505
Third Carpal Bone Lesions of the Racing Thoroughbred Timothy R. O'Brien, Constance E. DeHaan and Rick Arthur ....	515
Active and Passive Immunization for Blockade of Endotoxemia H. E. Garner, R. F. Sprouse and Eleanor M. Green .....	525

**General Session—James L. Voss, Presiding Officer**

Embryonic Loss in Normal and Barren Mares B. A. Ball, T. V. Little, R. B. Hillman and G. L. Woods .....	535
The Epidemiology of Equine Viral Arteritis Peter J. Timoney and William H. McCollum .....	545
Instrumentation to Facilitate Surgical Repair of Rectal Tears in the Horse: A Preliminary Report Michael S. Spensley, Dennis M. Meagher and John P. Hughes .....	553
Use of an Enzyme Assay for Determination of Progesterone in Broodmares E. L. Squires, T. M. Nett, G. J. Wiepz and E. J. Mock .....	565

Race Performance and Its Relationship to Birthrank and Maternal Age—I. E. J. Finocchio .....	571
Race Performance and Its Relationship to Birthrank and Maternal Age—II. Statistical Analysis of Data Jo-Anne S. Lema and E. J. Finocchio .....	577
Cryptorchidism in the Horse: Genetic Implications H. W. Leipold, R. M. DeBowes, S. Bennett, Judy H. Cox and M. F. Clem .....	579
Hormonal Diagnosis of Equine Cryptorchidism and Histology of the Retained Testes Mimi Arighi, W. T. K. Bosu and J. I. Raeside .....	591
 <b>General Session—Nathaniel T. Messer IV, Presiding Officer</b>	
The Use of Adjustable Heart Bar Shoes in the Treatment of Laminitis in Horses Thomas E. Goetz and Charles M. Comstock .....	605
Results of Conservative Management of Osteochondrosis in the Horse James A. Rose, Ronald D. Sande and Ethel M. Rose .....	617
Pathophysiology of Renal Failure in the Horse B. Tennant, S. G. Dill, W. C. Rebhun and J. M. King .....	627
Acute Renal Dysfunction: a Review of 38 Equine Cases and Discussion of Diagnostic Parameters Ragan Adams and Jill J. McClure .....	635
A Model for the Study of Acute Nephrosis, with Specific Reference to Calcium and Phosphorus Homeostasis W. M. Bayly, D. F. Brobst and S. M. Reed .....	649
Renal and Urinary Tract Function and Dysfunction in the Neonatal Foal Anne M. Koterba, Ragan Adams, J. R. McClure and Timothy Cudd .....	659
Treatment of Acute Renal Failure in the Horse Thomas J. Divers .....	673
Management of Chronic Renal Failure in the Horse Thomas J. Divers .....	679

**In-Depth Seminar—Ultrasound in Equine Medicine—Coordinator:**  
Norman W. Rantanen

Principles of Ultrasound Use in the Horse Norman W. Rantanen .....	685
Ultrasound Anatomy and Scanning Technique of the Distal Extremities in the Horse M. L. Hauser, N. W. Rantanen and R. L. Genovese .....	693
Clinical Application of Diagnostic Ultrasound to the Equine Limb R. L. Genovese, N. W. Rantanen, M. L. Hauser and B. S. Simpson .....	701

**PART II**

Communication with Horses Pat Parelli .....	725
Organization and Implementation of Anesthesia, Surgery and Intensive Care in an Equine Practice Robert L. Boss .....	731
